

Are you passionate about moving the world forward through design? At VenhoevenCS, you'll work on projects in which we address the major issues of our time, such as climate change, biodiversity and inclusivity.

We're looking for a senior architect (+10 years' experience) who wants to make an impact with vision, creativity and drive – all from an inspiring location in the heart of Amsterdam.

Join our diverse, international team, where your expertise and ambition can flourish. With us, you won't just work on leading edge projects; you'll also have the opportunity to engage in continuous professional and personal development.

To strengthen our international team of around 50 designers and architects, we are looking for a

Senior Architect (>10 years experience)

About VenhoevenCS

We are an innovative architectural practice with a mission: to create a better world for people, animals and the planet. With a team of around 50 colleagues from the Netherlands and abroad, we work on a wide range of projects that address the challenges facing our society. Our core values – forward-thinking, committed and positive – form the basis of everything we do.

What will you be doing?

You will lead the design and delivery of large, complex projects in the Netherlands and abroad, from concept through to completion. You will plan, coordinate and oversee the work of internal and external teams. In doing so, you will ensure the quality, vision and compliance of the design and the process. You will develop clear design narratives and represent VenhoevenCS in meetings and presentations. You will also share your knowledge, inspire and motivate your colleagues, and make an active contribution to their development.

What do you bring to the role?

We are looking for someone who shares the vision and core values of VenhoevenCS and possesses the following qualities:

- At least 10 years' experience in the design and construction process, across all design phases;
- A proven ability to take responsibility for multiple projects simultaneously;
- Experience in fostering an open culture centred on knowledge-sharing and collaboration;
- Relevant knowledge of Revit (BIM);
- Good command of spoken and written Dutch and English (min. level B2/C1);
- Knowledge of French and/or German (level B2/C1) is an advantage.

What do we offer you?

- Projects with a genuine social impact, in the Netherlands and beyond;
- A creative and supportive working environment with short lines of communication and a flat hierarchy;
- A place in an international team with socially engaged colleagues;
- An inspiring workplace in the centre of Amsterdam;

- Opportunities for professional and personal development through our VenhoevenCS Academy and mentoring;
- Salary and fringe benefits in accordance with the Collective Labour Agreement for Architectural Practices;
- Salary between 4,500 and 5,000 euros (scale 7–8), depending on relevant experience.

Do you see yourself in this role and would you like to help build a better future?

Please send your covering letter, CV and portfolio (PDF, max. 5 MB) to werk@venhoevencs.nl by 5 July 2026.
